REPORT ON
THE WORKSHOP CONDUCTED ON
RECENT TRENDS IN WIRELESS INFORMATION NETWORKS AND SYSTEMS
(01st February 2008)

The department of Electronics and Communication Engineering of Sri Sairam Engineering College, conducted DRDO Sponsored workshop on 01st February 2008 in *Recent Trends in Wireless Information Networks and Systems*. This workshop was arranged for the faculty members of various engineering colleges. It had an overwhelming response from various institutions and was of great information to the faculty members who attended it.

About 51 faculty members from various engineering colleges attended the workshop and felt benefited by the extensive information obtained from it. The workshop had 5 sessions each of 1 to 1 ½ hours, with a time for tea and lunch breaks in between. It was arranged in an auditorium meant for workshops and seminar and the workshop started at 09.30 AM.

The 5 sessions were

09.30 AM -10.30 AM:	“Recent trends in wireless networks.” Dr.Alamelu Nachiappan.Professor , Pondicherry Engineering college.
10.30 AM-11.30 AM:	“Evolution of Mobile Networks” Mr.A.Ganesan,Chairman,IETE,DGM, BSNL,(Retd)
11.45 AM-12.45 PM:	“Broad band communication” Mr.J.Santhana Krishnan,DGM,Buisness Development, BSNL, TamilNaduTelecom Circle.
01.30 PM-02.30 PM:	“QOS in Wireless Network” Dr.G.Nagarajan, Professor ,Pondicherry Engineering College
02.30 PM -03.30 PM:	“Beyond 3G system” Dr.L.Nithyanandhan, Senior Lecturer ,Pondicherry Engineering College

. Most of the feedback was about conducting such a wonderful workshop to be extended to one more day with practical sessions. This credit is for the DRDO, without which the workshop would have been not possible. The DRDO was the backbone behind this workshop motivating us to organize such a successful workshop.

On the whole, the department of ECE takes privilege to thank the DRDO, New Delhi, for their support to conduct this workshop.
